Thank you for the invite to judge your National specialty show. It turned out to be a long time coming! Thank you for your hospitality and a glimpse of your lovely country. I was pleased to find some very lovely Cavaliers.

#### Junior Puppy Dog. (4).

1. Embee Brinklow When Dreams Go WALKabout. 6 month old blenheim that moved out well both ways. Pleasing head with good bite. Nice round eyes , well set ears. Held a firm level topline standing and moving. A tad longer in back than 2nd.
2. Mingchen Yukon River at High Flight. Promising blen pup with appealing head, nice eye and expression. Well presented in good condition. Moving well in profile around the ring, but a tad untidy in front coming towards me.
3. Embee Cantata Island Mischief at Pairadocs. Ruby boy in nice coat. Pleasing head with good eye, bite and pigment. Lovely outline moving but a bit loose in front at the moment.
4. Jewelcroft's Return on Investment. Well presented ruby, nice eye, bite and pigment. Going well around the ring. A touch shorter in neck than first 3.

#### Senior Puppy Dog. (1).

1. Stelwen Chiffinch Pride and Joy. Well presented B/T in flat silky coat and good condition. Dark round eyes giving a good expression, nice outline standing and moving. Tans could be brighter, front needs to tighten and bite could be better. Well schooled and handled.

#### 12 - 15 month dog. (1).

1. Birchrun Dressed to Impress. Blen male with pretty head, lovely round dark eyes and good bite. Good bone and front, moving a bit reluctantly today, could be stronger behind and carries his tail a touch low on croup.

### OPen Blenheim Dog (3).

1. Chadwick Pursuit of Perfection. Blen with lovely outline standing and moving. Excellent neck and shoulders, a nice size, well boned. Presented well in lovely flat silky coat. Moved out well both ways. Masculine head with round eyes giving soft expression and well set ears. A would prefer a touch more length of muzzle, a very nice boy. Reserve Winners Dog.
2. Londoncor Kensington. Glamorous boy with pleasing masculine head. Fabulous bone, well coated. Good eyes and pigment, well made with good neck and shoulders, moving very soundly but a bit too much of him for me.
3. Lookout Secret Agent Man. Blen in good coat, a touch overweight so feeling the heat, which made him loose his expression. Went ok.

2 blen's of similar type and shape, both a nice size and shape.

1. Sigma Chi's Phillipa at Edgewater. Had the better expression and eye and moved out well.
2. Barrington's Helene's Harper. Her mind was somewhere else so her back movement wasn't as positive. She also shows a touch of white in her eye which detracts from her expression.

#### 15 - 18 month bitch (5)

1. Halcyonia Mischief in the Maples. Heavily marked tri who won on her head, as the most typical in the class. Round eyes with good expression, nice outline standing and moving. Head with well filled muzzle, bright tans, well boned. Moved soundly.
